DETAILED ACTION

1. This action is in response to applicant's amendment received on 12/09/04.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

3. Claims 2, 3, 19 and 20 are rejected under 35 U.S.C. 102(e) as being clearly anticipated by Raimondi (6216572 B1).

Regarding claims 2, 3 and 20, Raimondi discloses (Fig. 1-4) the invention including a workpiece-machining device 5, a workpiece-storage device (Fig. 2-3), a traveling body 17, rectangular coordinate movement means (19-20), gripping means 18, a product-housing section 22 and a material housing section 21. Regarding claim 19, Raimondi teaches a product-housing section 22 capable of storing skeletons.

Response to Arguments

4. Applicant's arguments with respect to claims have been considered but are moot in view of the new ground(s) of rejection.
